## Description

This resource contains 35 slides of a virtual grocery shopping trip to Aldi. This is a great way to practice CBI (community based instruction) virtually or in the classroom environment before taking a trip to the community. In this Thanksgiving-themed lesson, students will help shop for ingredients for a popular holiday recipe. Students will practice making a list, finding items in the store, and completing a purchase. The interactive slides work well with students who have disabilities and multilingual learners, too!

## What educators are saying

This was a perfect activity for my students in a SPED Adult Program. I presented it in a small group and had them write answers on a whiteboard. They really enjoyed the mock experience. I hope you create more!!!!
